### Opinion of Niraimathi :

I am the first graduate girl in my family because of the Adhanur Helping Hands. The director of the Adhanur Helping Hands motivated and provide possible ways to achieve my ambition. I have two brothers but not known where they are living. The home has helped a lot to complete in my higher studies, provided free boarding and lodging and necessary support to uplift of my life. The director faced many challenges and problems because of my behaviour in college and working place. In spite of all these, she shows concern to me to settle in my life. I am very grateful to the Adhanur Helping Hands Trust members. My sincere thanks and gratitude to all those who supported Adhanur Helping Hands. The Home has given me an identity for my life, for which I am very thankful in my life time. A BIG SALUTE TO ALL.
