To 2024)

History of the Child

G. Pavithra is an orphan girl. Her grandparents were unable to provide care and protection, so they admitted in a children's home called AFRA at the age of 8 years. The AFRA home was closed by the Government and transferred Pavithra to the Adhanur Helping Hands. She studied her middle school, high school, higher secondary. After her school studies the Adhanur Helping Hands supported her for higher studies. She completed Diploma in Nursing (DGNM), and currently doing Post B. Sc., 2nd year at Sree Balaji Nursing College, Chrompet. The Home has supported for her higher studies and providing free boarding and lodging and medical etc. She lives in this home from 2013 onwards. After completion of her studies the Home will find job for her and settle her life.

Opinion of Pavithra: I am very happy in this Home. I experienced care and love from the Director. After my school studies, the director supported me to do higher studies. I completed Diploma in Nursing (DGNM). At present I am studying Post B. Sc., 2nd year by the help of the Adhanur Helping Hands. All my studies expenses, medical, food and lodging and etc took care by AHH. I have been staying in this home for 11 years. I experienced motherly care which shapes my future and creates healthy environment with others. I am sure that looking at my family background, I would have been reached to this level. All the credits go to our Mother and the Director of the Adhanur Helping Hands. Without her support I would not have reached to this stage. I appreciate and thank the board members of the Adhanur Helping Hands. My sincere thanks and appreciation to our Mother for her love and care in my life. I keep this love and care throughout my life and share the same towards others.
