History of the Child :

K. Suguna D/O. Kuppusamy belong to Naricuravar community (ST) introduced by school teacher. She belongs to a tribal community with no education background of her parents. She has to struggle to go to school due to nomads Tribe. She has two sisters and one brother, she is a first graduate in her family. Adhanur helping hands supported her school education and higher studies. She completed BE in computer engineering course and waiting for results. The Home provided computer course for a year to improve practical knowledge. In the meanwhile, the director of the Adhanur helping hands motivating her to prepare TNPSC exams for which the Home paid for her coaching class fees. After completion of her studies the Home will find job for her and settle her life.

Opinion of Suguna:

I am very happy to be in the Adhanur Helping Hands. For many years I have been supported by the Home. I have completed BE in computer engineering and did study computer course for one year. From my 7th class to college studies, the Adhanur Helping Hands helped to shape my carrier for which I am grateful. The Home is also supported my brother for two years tto study in the school. I experienced motherly care and love in AHH. I am sure that without the support of mother, I would not have come up in my life. I appreciate and thank the board members of the Adhanur Helping Hands and especially Mother of our Home. I have been learning different skills in this home which will be a support for my future and for other children in this Home. A BIG salute to the Director and our Mother.
