2022 to 01.06.2023)

History of the Child

G. Sumithra is an orphan girl. Her grandparents were unable to provide care and protection. So they admitted in a children's home called AFRA at the age of 6 years. The AFRA home was closed by the Government and transferred Sumithra to the Adhanur Helping Hands. She Completed her middle school, high school, higher secondary school in AHH. After her school studies the Adhanur Helping Hands supported her for higher studies. She completed B. Com in the year 2021 and immediately joined Sutherland Non- voice process agent at Vandalore. After 9 months of experience, she quit the job to prepare for TNBC Group 4 exams. The Home is supporting for her coaching class fees.

Opinion of Sumithra: I am a lucky a girl to be in the Adhanur Helping Hands. I felt my life in the Home as special child with lots of love and care by the Director. I have completed B.Com and started working in a company for few months. Looking at my future I quit job and started to study M.Com as well as preparing for TNPSC group 4 exams. All my studies expenses, medical, food and lodging and etc taken care by AHH. I have been staying in this home for 11 years. I experienced motherly care which helped me to shape my future and to build good inter -personal relationship among others. I feel at home here and belong to the family of AHH. I promise that without the Director of the Home, I would not have been successful in my life. I appreciate and thank the board members of the Adhanur Helping Hands. I have been learning different skills in this home like computer, Tally software programmes etc which will be support for my future and will be supporting for other children in the Home. My

sincere thanks and appreciation to our Mother for her love and care in my life. I keep this love and care throughout my life and share the same towards others.
